**Meeting:** *Virtual 6:00-7:00pm*

-**Budget**: PSSC has a budget of $1800. Our suggestion is that the committee by mics and rechargeable batteries. These mics cost approximately $250-300 each. Committee will need to decide on what the budget is to be spent on and email Calvin the committee's decision. District needs a copy of that email for budgeting purposes.

-**Surveys**: Student survey (review with committee) A couple of questions that will be reviewed with staff are questions 3, 32, 35. I ask that you review before our meeting if you have time and should you have questions about the survey, we can discuss it at our meeting.

**-Purchase updates**: 33 student laptops ($21 000), $4000 on K-2 reading resources – decodable book program resources. Currently working with 3D Com to order a projector and screen for the gym.

-**Community use of Schools:** They have been on hold until the end of March. There have been many challenges with some groups. District has a contract with community use of schools so as such we will begin with them again in April.
